

FLUMMOX

DESCRIPTION:

All games have morals; and the game of Quiz captures your knowledge, as no other activity can hope to do...so seize the opportunity to sting..!!

GUIDELINES:

Questions will be asked under the following domains specified.

THEMES:

- 1) Electronics
- 2) Computer Science
- 3) Networking
- 4) Problem Solving Skills

RULES:

- 1) There will be two rounds in all.
- 2) There should be a maximum of four people on each team.
- 3) Preliminaries, the first round, will be an elimination round.
- 4) Preliminaries will include MCQs.
- 5) A few teams will be shortlisted, and these teams will qualify for the second round.
- 6) The board piece will be replaced by one from each team.
- 7) Here, each team will roll a die, and depending on where they land, questions will be posed.
- 8) The winning team is the first to cross the finish line on the board.
- 9) After each cycle, there will be a hierarchy-level removal.
